

RABBIT RIDGE WINERY & VINEYARDS

For 25 years, Erich Russell, "The Rabbit" has been making exceptional wines of outstanding value from his ridge side winery location in Healdsburg (Sonoma County). Now "The Rabbit" is producing his award winning wines from his new 55,000 square foot Mediterranean style winery located in the bucolic rolling hills just north of Paso Robles, California. The new state of the art, gravity flow system allows gentle treatment of the juice as it transitions from grapes into fine wine. Currently boasting approximately 700 acres, Rabbit Ridge Winery owns the most vineyard property on the west side of Paso Robles.

Join the Cottontail Wine Club today and become part of the Rabbit Ridge family. In your shipments, you will receive top quality wines hand-selected by Erich Russell himself.

Rabbit Ridge will gladly make wine shipments where legal by state law. We are continually adding new states so please ask for a list of states where we are currently able to send wine shipments.
