

## RABBIT RIDGE WINERY AND VINEYARDS

# 2001 Paso Robles Sangiovese Brunello Clone

Sangiovese is the primary grape varietal used in the world famous Chianti blend of Italy's Tuscany region. This Sangiovese was made from grapes grown on our Cristalla vineyard on the west side of Paso Robles, California. For optimum grape quality, we planted the vines 3 feet by 6 feet, and maintain low picking yields of under 2 tons per acre. Our Paso Robles Sangiovese is grown on Brunello clone scion imported from Pertimalli, in Montalcino, Italy. It has exceptional fruit, complexity, aging characteristics and intense aromas. Enjoy pleasant flavors of raspberry, plum, and toasty vanilla. 1,051 cases produced.
